5. List some clothing that is not suitable for your chosen activity, and explain the reasons why.
6. Show that you know the safety equipment you used and why it's needed.

Nautical Skills – stage 3

1. Take part in at least two one-hour taster sessions in two different water based activities. By the end of the session you should be competent at controlling your craft. You could try:
 - Canoeing, a powered activity like yachting, pulling, sailing or windsurfing.
2. Show that you know how to act safely if you are involved in a capsize or man overboard situation.
3. Show how to check water depth using a method so that you don't ground or beach.
4. Show how to tie a clove hitch, a bowline knot, and a round turn and two half-hitches. Explain when these would be used.
5. Name the parts of one type of watercraft.
6. Demonstrate and explain what clothing is suitable for the activities used in your chosen activity.
7. Explain the basic safety rules that apply to your chosen activity.
8. Explain the difference between a buoyancy aid and a life jacket, when each should be used and how they function. Show how they are worn.

Nautical Skills – stage 4

1. Develop your skills in two water based activities. Show competency and technique in:
 - launch and recovering a watercraft, manoeuvring a watercraft
 - communicating with the group, knowledge of safety.
2. Take part in a capsize and recovery drill for the two watercraft you have chosen.
3. Use a throw bag or line to reach a person six metres away in the water.
4. Show you know how to apply the steering rules and recognise the main channel markers.
5. Use a knot (either a round turn and two half hitches or a bowline) or a cleat correctly to moor a boat with a painter or mooring line. Describe what you need to be aware of when using these to moor.
6. Complete one of the following:
 - Pipe the 'still' and 'carry on' on a Bosun's call.
 - Make a sail maker's whipping and one other type of whipping and safely heat-seal the end of a rope. Describe the correct use of these whippings.
 - Make an eye splice or a back splice and safely heat-seal the end of rope. Describe correct use.
7. Name the parts of your chosen watercraft. If you have completed Nautical Skills Stage 3 you must choose a different watercraft.
8. Take part in a challenging three-hour expedition or exercise afloat.
9. Take part in a competition or crew-based activity in your chosen watercraft.

Scouts Staged Activity Badges

Nautical Skills – stage 5

1. Develop your skills in one water based activity to a level where you can operate the watercraft safely.
You could demonstrate this by gaining a personal permit or the relevant national governing body personal competency award.
2. Show how you would use your watercraft to recover others from the water by taking part in a simple rescue exercise.
3. Demonstrate knowledge of pilotage, navigation lights, sound signals, tides, currents and eddies, depending on what's relevant to your local waterways.
4. Demonstrate that you can tie a figure-of-eight knot, clove hitch, and a round turn and two half-hitches. Tie an additional three knots: sheet bend, rolling hitch and bowline, then describe their uses.
5. Explain the different types of ropes used in water activities, their advantages and disadvantages and how to care for them.
6. Complete one of these:
 - Make a rope fender or other piece of decorative rope work, such as a lanyard or a decorative knot.
 - Demonstrate three calls made on a Bosun's pipe, other than 'still' and 'carry on'.
 - Hoist the colours for a Sea Scout ceremonial or nautical themed ceremony.
7. Plan and take part in a one-day expedition or exercise afloat with others.
8. Learn how different boats communicate with each other in your location.
9. Take on the helm or cox role in a watercraft or help prepare a team for a competition.
10. Learn how to get local weather forecasts, understand their importance and be able to recognise signs of changing weather.
11. Learn how to safeguard against the effects of cold, and how to recognise and treat hypothermia.

Nautical Skills – stage 6

1. Develop your skills in one water based activity to a level where you can operate the watercraft safely. You could demonstrate this by gaining a personal permit. If you have completed Nautical Skills Stage 5, you should try a different water based activity.
2. Learn about flares, distress signals and marine VHF radio, and when it is appropriate to use them.
3. Learn about and explain the access and mooring issues in your chosen activity.
4. Learn about and explain the 'nautical rules of the road' including passing other watercraft, the International Rules for Preventing Collisions at Sea (IRPCS), light signals, sound signals and the use of channels.
5. Show an understanding of the maintenance your watercraft needs and show you can carry out simple repairs over the course of three months.
6. Plan and take part in an overnight expedition by water with others. Your time underway should be at least six hours.

Scouts Staged Activity Badges

Navigator Staged Activity Badge

(1 – 5)

Navigator – stage 1

1. Locate yourself on a simple map. You could use a map of a local park, nature reserve, zoo, or even a theme park.
2. Identify a number of features or locations on that map. You could pinpoint locations like the toilets, car park, bird hide or picnic area.
3. Learn the four cardinal points of a compass.
4. Draw a simple map of where you live, your meeting place or another local area.
5. Use a map during an outdoor activity.
6. Show you understand how to dress appropriately and what equipment you and the adults will need on the activity.

Navigator – stage 2

1. Learn how to read a four-figure grid reference.
2. Understand how to use the key of a map.
3. Use a map during an outdoor activity.
4. Draw a simple map to direct someone from your meeting place to a local point of interest.
5. With other Scouts, go for a walk with a leader around the local area. Take it in turns to use one of these methods of navigation:
 - written instructions
 - recorded instructions
 - road signs
 - tracking signs
 - maps.
6. Learn the eight points of a compass and use them in an activity.
7. Show you know how to dress appropriately for the activities involved in this badge and what equipment you and the adults need on the activities.

Navigator – stage 3

1. Learn how to read a six figure grid reference.
2. Understand contour lines on an Ordnance Survey map.
3. Using 1:50000 and 1:25000 scale Ordnance Survey maps show that you understand the meaning of scale, can set the map to north and can recognise conventional map symbols.
4. Follow and walk a route of at least 5km, using a map to navigate for at least part of the journey. Your Leader can plan the route but you'll work with your team, or take turns, to navigate.
5. Show you know how to dress appropriately and what kit you and your group will need.

Scouts Staged Activity Badges

Navigator – stage 4

1. Show you know how to:
 - convert grid bearings to magnetic bearings and vice versa
 - use back bearings to check the route
 - estimate your current position using a compass
 - walk on a bearing, including 'deviating from course' (the four right angles technique to bypass an obstacle)
 - read a six figure grid reference.
2. Using 1:50000 and 1:25000 scale Ordnance Survey maps:
 - interpret contour lines in terms of shape and steepness of terrain. Learn what the topographical features mean, including valley, col, ridge and spur
 - show how to set a map, with and without a compass. Learn how to use and give six-figure grid references. Demonstrate the use of a roamer to improve accuracy.
 - show how to find north without the aid of a compass, by day or night.
3. Walk two compass routes of at least 5 kilometres each. They should be defined on a map, one route's start and end points defined by you and the other by an adult.
4. Show you know how to dress appropriately for the walk and what kit you and your group need.
5. Choose the most appropriate type of map for the journey you are taking.

Navigator – stage 5

1. Using a 1:25000 scale Ordnance Survey map and compass, navigate along a course of at least six 'legs' to the standard of the Hill and Moorland Leader award provided by Mountain Training.
You're not expected to hold this award – just have a look at the course to get an idea of the level you need to achieve. Find out more at mountain-training.org
2. Using only a compass and pacing, successfully navigate a course of at least four 'legs'.
3. Using only a map, successfully navigate a course of at least four 'legs'.
4. Make two sketch maps – one of an urban and one of a rural setting – that would enable a stranger to travel successfully between two points.
5. Complete at least three different orienteering courses in a reasonable time.
6. Complete a comprehensive route plan for a 20km hill walking route, set by an appropriate adult. It should take place in terrain one or terrain two, details of which can be found in Policy Organisation and Rules.
7. Show you know what the most appropriate clothing and equipment is for your journey.

Scouts Staged Activity Badges

 - Reach **Grade Five standard for the Associated Board of the Royal School of Music** (or similar) on the instrument of your choice or by singing.
2. Performance
 - Sing or play three different types of song or tune on your chosen instrument. One should be a solo and one should be played with other musicians in an arrangement of your choice. Your performance should be public such as at a group show or church service.
3. Knowledge
 - Demonstrate some of the musical exercises that you use to practice your skills.
 - Talk about your instrument and why you enjoy playing it. Alternatively, talk about the songs you sing and why you enjoy singing them.
 - Name several well known pieces of music associated with your instrument.
 - Name several musicians associated with your instrument.
4. Interest
 - Talk about your own interests in music, including what you listen to most and how it's similar or different to the music you play or sing.

Scouts Staged Activity Badges

Air Activities Staged Activity Badge

(1 – 6)

Air Activities – staged 1

1. Make an aircraft out of paper and see how well it flies.
You could use a paper dart or a helicopter and drop it from a height.
2. Find out about one kind of aircraft and tell others in your section about it.
It could be a commercial aircraft like Concorde or Airbus or a military aircraft like a Spitfire, Lynx or Chinook.
3. Spell your name using the phonetic alphabet.
4. Talk to somebody who has flown in an aircraft, helicopter or hot air balloon.
What was it like? If you have already flown in an aircraft, tell others in your section about it.
5. Tell others in your section about an aircraft (real or imagined) that you would like to fly in and why.
You can do this through drawings or models.

Air Activities – stage 2

1. Make and fly a model aeroplane, three different types of paper glider, a hot air balloon or a kite.
2. Choose three of these:
 - Name and identify the main parts of an aeroplane
 - Identify six airlines from their markings.
 - Name and identify different types of aircraft (such as powered aeroplanes, airships, gliders or unmanned aircraft)
 - Collect and identify six pictures of different aircraft. Share them with others in your section.
 - Explain how different weather conditions can affect air activities.
 - Fly in an aircraft and tell the rest of your section about it.
 - Meet someone who flies regularly and talk to them about their experiences.
3. Send a simple message using the phonetic alphabet.
4. Visit an airfield, air display or air museum.
5. Know the dangers involved in visiting an airfield.

Air Activities – stage 3

1. Construct and fly a chuck glider for at least five seconds.
You can also build and fly a miniature hot air balloon or kite instead.
2. Understand the terms nose, fuselage, tail, wings, port, starboard and tailfin. Learn the names of an aeroplane's control surfaces.
3. Choose one of these activities:
 - Collect photographs or pictures of six aircraft that interest you.
Name them and identify their operational uses.
 - Tell others about an airline that you are interested in, or have travelled on, including the airline's uniform and logos.
 - Find out about unmanned aircraft, such as drones, and the rules around flying them safely.
4. Show how you would get a weather forecast for an air activity.
5. Send and receive a simple message using the phonetic alphabet. Explain why it is used in aviation.
6. Draw a diagram or make a model of an airfield to show and name different points.
Use your diagram model to explain the rules for access to an airfield.
7. Take part in a visit to a place of aviation interest, such as an airfield, air display or air museum.
Tell others about something you learnt.
8. Using 1:50000 and 1:25000 OS maps, show you understand the meaning of scale and common map symbols.
Explain how a pilot might use a map differently from a car driver or somebody on a hike
9. Use a flight simulator programme. Show the effects of the controls.

Scouts Staged Activity Badges

Air Activities – stage 4

1. Trim a paper aeroplane or model glider to perform a straight glide, stall and turn.
2. Name the main control surfaces of an aeroplane and how they work.
3. Identify six aircraft in use today from pictures or in flight.
At least two of the six must be civil commercial aircraft, one must be a military aircraft and another two must be light private aircraft.
4. Explain how wind speed and direction are measured. How does the weather affect air activities?
5. Explain the difference between a Mayday radio call and a Pan-Pan radio call.
Give examples of when each might be used.
6. Show how to perform a pre-flight check on a light aircraft, microlight or glider.
Explain why inspecting each part is important.
7. Choose one of these activities:
 - Take part in a flight experience (for example in a light aircraft or glider) as a passenger.
 - Help to organise a visit to an airfield or place of aviation history for a group of Scouts (Beavers, Cubs, Scouts or Explorers). Explain what the Scouts will need to know before the visit.
8. Learn the common types of charts and the conventional signs used on them
9. Show how to do a take-off and landing using a flight simulator computer programme with a joystick.
10. Draw a runway and its circuit patterns.

Air Activities – stage 5

1. Build a scale model from a plastic kit, plans or photographs.
2. Explain the relationship between lift, drag, thrust and weight.
3. Choose one of these activities:
 - Explain the basic principles of a piston engine, including the four-stroke cycle, with consideration of valve and ignition timing.
 - Explain the similarities and differences between a piston engine and a jet engine, covering the main parts and workings.
4. Explain how wind direction and strength is important in take-off and landing.
Explain how a wing gives lift and why a wing stalls.
5. Explain how temperature and atmospheric pressure are measured in weather forecasting.
6. Explain basic cloud types, how they are formed and why they're relevant to air activities.
7. Talk about the duties of either:
 - an aircraft marshaller, demonstrating marshalling signals
 - a crew leader for a glider launch. Show their procedure and the signals they use.
8. Plan a cross-country flight of at least 60 nautical miles, at an air speed of 90 knots.
What would the time of flight be, from an overhead starting point to another overhead destination?
Your assessor will give you a head or tail wind to factor in when you're working this out.
9. Take part in an air experience flight and point out the landmarks that you fly over on an aviation chart.
10. Explain the purpose of a pre-flight checklist and the main items you would check.
11. Find out about the different types of air traffic control services used at airfields and airports. Explain how this would be different at a small local airfield compared to a large international airport.

Scouts Staged Activity Badges

Air Activities – stage 6

1. Build and fly (from plans, kits or from scratch) one of these:
 - rubber band powered model aircraft for 15 seconds
 - glider for 15 seconds
 - model airship,
 - hovercraft,
 - round the pole model (RTP).
2. Explain what trim is and the importance of weight and balance.
3. Explain why flaps, slots and slats can be found on aircraft and how they work.
Give examples of aircraft that use these devices.
4. Identify the weather conditions associated with the movement of air masses over the UK, such as tropical, maritime and continental.
5. Interpret Met Office reports and forecasts for pilots including METAR and TAF.
6. Find out why Morse code is still transmitted by navigational beacons.
Recognise six three-letter sequences.
7. Identify:
 - runway and airfield markings
 - light and pyrotechnics signals.
8. Find out the reasons for civilian airport security, the main threats and ways of counteracting them.
9. Explain how an aircraft compass and a direction indicator works, as well as potential errors.
10. Explain how aircraft pressure instruments, altimeters and airspeed indicators work.
11. Take an active part in at least three flying experiences, showing how you develop your skills with each flight.
12. Talk about the emergency procedures for one type of aircraft such as a powered light aircraft, microlight, glider or small helicopter. What should be done in the event of engine failure, cable break or autorotation?

Scouts Staged Activity Badges

Community Impact Staged Activity Badge (1 - 4)

Community Impact – stage 1

1. **Identify need.** Investigate what issues and challenges exist in your chosen community – it could be local, national or international.
2. **Plan action.** Decide what issue your section should take action on and what you want to change. Talk to your section about what actions you would like to take.
3. **Take action** over three months. You should:
 - spend at least four hours personally taking action on your chosen issue. You can achieve more impact by spreading your time out over a month, instead of doing it all in one go.
 - involve others in the action. Work in a team with your section and preferably people in the community you are trying to help.
4. **Learn and make more change.** Discuss what you've learned with your section. Talk about how you have made people's lives better, what you could do to help more people in your chosen community and how taking action has developed you.
5. **Tell the world.** Help other people to understand why the issue you took action on is important, what you did and how they can help.

Community Impact – stage 2

1. **Identify need.** Investigate what issues and challenges exist in your chosen community – it could be local, national or international.
2. **Plan action.** Decide what issue your section would like to take action on and what you would like to change. Work with a group of people not involved in Scouting, who are passionate about your cause, to plan action that will make a positive difference.
3. **Take action** over six months. You should:
 - spend at least 12 hours personally taking action on your chosen issue. You can achieve more impact by spreading your time out, over four months, instead of doing it all in one go.
 - involve others in the action. Work in a team with your section and preferably people in the community you are trying to help.
4. **Learn and make more change.** Discuss with your section what you've learned, how you have made people's lives better and what you could do to help even more people in your chosen community.
5. **Tell the world.** Help other people to understand the issue you have made a positive impact on is important and why it's important. Show what you did and how they can also help.

Scouts Staged Activity Badges

Community Impact – stage 3

1. **Identify need.** Investigate what issues and challenges exist in your chosen community – local, national or international.
2. **Plan action.** Decide what issue your section would like to take action on and what you would like to change. Work with a group of people not involved in Scouting, who are passionate about your cause, to plan action that will make a positive difference.
3. **Take action** over nine months. You should:
 - spend at least 24 hours in total personally taking action on your chosen issue. You can achieve more impact by spreading your time out, over six months, instead of doing it all in one go.
 - involve others from your section and a group of non-Scouts, preferably from the community you are trying to help.
4. **Learn and make more change.** Talk about what you learned with your section, how you have made people's lives better and what you could do to help more people in your chosen community.
5. **Tell the world.** Help other people to understand why your chosen issue is important, what you did and how they can also help.

Community Impact – stage 4

1. **Identify need.** Find out what issues and challenges exist in your chosen community – locally, nationally or internationally.
2. **Plan action.** Decide what issue your section would like to take action – what do you want to change? Work with a group of people who are not involved in Scouting, and are passionate about your cause, to plan action that will make a positive difference.
3. **Take action** over 12 months. You should:
 - spend at least 48 hours personally taking action on your chosen issue. You can achieve more impact by spreading your time out over the year, instead of doing it all in one go.
 - involve your section and a group of non-Scouts, preferably people from the community you are trying to help.
4. **Learn and make more change.** Talk about what you learned with your section, how you have made people's lives better and what you could do to help more people in your chosen community.
5. **Tell the world.** Help other people to understand why your chosen issue is important, how you have made a positive impact and how they can help.

Scouts Staged Activity Badges

Digital Citizen Staged Activity Badge

(1 - 4)

Digital Citizen – stage 1

Complete every task, showing that you have thought about the potential risks and how to stay safe for each activity.

1. Show that you can:
 - turn on and log into a computer
 - use a piece of software, for example email or a game
 - name the main parts of a computer system
 - connect a peripheral (for example a scanner or printer) to your computer and use it.
2. Create a piece of digital media. It could be artwork, a photograph, music or animation.
3. Use the internet for research:
 - decide on an area of interest
 - find three websites with content that matches your area of interest
 - collect relevant information by printing or saving as files.

Digital Citizen – stage 2

Complete every task, showing that you have thought about the potential risks and how to stay safe for each activity.

1. Plan and then create a piece of digital media. It could be artwork or a photograph that you alter using creative tools, music, animation, CAD (Computer Aided Design) or a 3D sculpture.
2. Show that you can:
 - send or reply to someone with a short email and include an attachment
 - download photos or other media from a camera or smart card
 - open and save a document then share it using a cloud service (like Google Docs or Microsoft Sharepoint) or a USB stick
 - create a document that includes media that you've downloaded or copied from another source.
3. Use the internet for research:
 - decide on an area of interest
 - use two different search engines to find three websites you think are reliable
 - collect information by printing the pages or saving as PDF documents
 - select relevant information by copying text or an image and pasting into a document
 - display your findings as a poster or a short report.

Scouts Staged Activity Badges

Digital Citizen – stage 3

Complete every task, showing that you have thought about the potential risks and how to stay safe for each activity.

1. Plan, make, edit and share a piece of digital media.
It could be artwork or a photograph that you alter using creative tools, music, animation, CAD (Computer Aided Design) or a 3D sculpture.
2. Explore social networking sites that are appropriate for your age, then create an example of a good social network profile. Show that you know how to:
 - use anti-virus software
 - set up or adjust settings for accessibility
 - recover from a frozen programme or screen.
3. Use the internet for research:
 - decide on a specific area of interest
 - use at least two different search engines, using operators like AND, NOT and OR in the search box
 - collect information by using bookmarks or favourites. Save URLs or use a social bookmarking tool like Diigo, Reddit, StumbleUpon, del.icio.us or digg.
 - select specific, reliable information relevant to your area of research
 - create a structured display of the information you have gathered. You could do this in a document, on a website or using a social tool such as Pinterest.
 - share your research with other people, for example by email, on the web, by MMS or social media.

Digital Citizen – stage 4

Complete every task, showing that you have thought about the potential risks and how to stay safe for each activity.

1. Create a portfolio of digital media.
It might include artwork or a photograph that you alter using creative tools, music, animation, CAD (Computer Aided Design) or 3D sculpture.
2. Create a film, video, stop-motion animation or podcast and share it using a suitable media sharing tool.
3. Create a social network profile for your section, a band, local interest group or something similar.
Alternatively you could make a small website that can host content, like the film you made in step 2, photos, poetry or information about your local area.
4. Use the internet for research:
 - Choose a local, national, community or Scouting issue, or something from the news or current affairs.
 - Collect information from different sources, such as spreadsheets, databases, online news services and 'open access' data sources.
 - Put your information together in a structured way, for example grouping similar information. Make sure you know where each piece of information comes from.
 - Select the information you think is most appropriate and reliable.
 - Create a multi-page website with your information and make it public. Present your information in a variety of ways – you could use infographics, images or graphs.
 - Share your website with a wide audience.
 - Explain your sources of information and why you picked out what you did.
 - Get some feedback on what you have done and make changes to improve your website based on that feedback.

Scouts Staged Activity Badges

Digital Maker Staged Activity Badge (1 – 5)

<https://members.scouts.org.uk/supportresources/4283/digital-maker-staged-activity-badge>

Digital Maker – stage 1

Learn what Digital Making is all about and how it fits with Scouting and the wider world.

1. Show that you know what a computer is and understand that there are lots of uses for digital technology in everyday life. Think about where you see computer systems and technology in your day-to-day life, and about how digital technology helps make things better or easier.
2. Create a graphic for a computer game, app, or website. This could be a background scene, character, or other image.
3. Write clear instructions for a computer or person to follow to complete a task.

Digital Maker – stage 2

In stage 2 you will demonstrate that you can complete digital projects which can be used in Scouting activities or in the wider world.

1. Create a piece of interactive or animated digital art using software.
2. Create a simple computer program to help with a scouting activity, and try it out.
3. Make a simple digital creation that uses code to interact with the wider world through inputs (such as buttons or typing on a keyboard) and outputs (such as a computer screen, sound, or lights).

Digital Maker – stage 3

In stage 3 you will demonstrate that you can use and combine a variety of digital making skills to complete projects that can be used in Scouting activities or in the wider world.

1. In a coding language of your choice, create a basic program to meet a need of Scouting or your section.
2. Use a programmable device (such as Arduino, Raspberry Pi, or micro:bit) with electronic components, code, and appropriate materials to create an electronic gadget and use it in a Scouting activity.
3. Design and create digital graphics for use as part of one of the above. The elements of the project should all fit within the project's specific purpose.
4. Show and present your digital making project, explaining the challenges that you encountered while creating it and how you addressed them.

Scouts Staged Activity Badges

Digital Maker – stage 4

<https://members.scouts.org.uk/supportresources/4283/digital-maker-staged-activity-badge>

In stage 4 you will demonstrate that you can combine a variety of digital making skills to solve a problem or meet a challenge related to Scouting.

1. Using a combination of programming, digital art, digital devices, electronic components, and other appropriate materials, create something that could serve a purpose in a Scouting activity.
2. Attend a digital making event and show your work, or help somebody else in your section or another section to work towards a Digital Maker Staged Activity badge

Digital Maker – stage 5

In stage 5, you will combine your digital making skills to identify and solve a real problem in the local or global community. You will go through the process of project design from concept, to testing and implementation, and finally to sharing your new knowledge with others.

1. Install the software to run a web server and host a webpage on a computer or other device. Tools like LAMP, WAMP or Google's Webserver project for the Raspberry Pi could help you. You can find these for free online.
2. Identify a real-life local or global problem and design, build, test, and improve a solution by combining your digital making skills and selecting appropriate software tools, digital devices, components, and materials.
3. Create and share a resource that would allow someone else to replicate your project with minimal previous knowledge. This resource should be digital, and it can be any format you like: a video (or a series!), an online (printable) document, an entry on a tutorials website such as Instructables, a blog post... Or meet with people who could benefit from your solution to share how you created it and explain how it can help them.

Scouts Staged Activity Badges

SnowSport Staged Activity Badge

(1 - 4)

SnowSport – stage 1

1. Identify different types of snowsports.
2. Name three places you could safely take part in snowsport activities.
3. Take part in a warm up activity to prepare you for a snowsport activity such as skiing or snowboarding. This should be an appropriate warm up for your upper, middle and lower body.
4. Dress properly for your chosen activity. Show you know the importance of helmets and how to put one on correctly.
5. Take part in a taster session that covers:
 - naming equipment used
 - how to get in and out of your skis or snowboard
 - balancing on your skis or snowboard
 - moving around on your skis or snowboard; including moving in a straight line, controlling your speed and stopping.

SnowSport – stage 2

1. All parts of stage 1
2. Identify the equipment you require and know how to carry it safely.
3. Climb and then ski or snowboard down a short run.
4. Show you can make wide and narrow turns.
5. Show you can stop and wait safely on a run avoiding other users of the slope.
6. Demonstrate how to safely use a drag lift or magic carpet.
7. Know how to safely fall and get back up onto your feet.

SnowSport – stage 3

1. All parts of stage 2
2. Identify hazards of the mountain environment.
3. Show you understand what to do in the event of an accident.
4. Show you know and understand the 'Ski Way Code' published by the International Ski Federation (The F.I.S.)
5. Understand the effects of extreme temperature in cases of frostbite, hypothermia, sunstroke, heat exhaustion and dehydration. Explain how they are avoided and treated.
6. Demonstrate a sequence of 10 linked turns.
8. Complete a free run down a moderate to hard slope (red) showing balance, control, good choice of line and awareness of other people on the slope.

Scouts Staged Activity Badges

SnowSport – stage 4

1. All parts of stage 3
2. Choose two of the disciplines below which were not used for Stage 3 and participate in each at least twice showing that you are competent to undertake the activity safely:
 - skiing
 - snowboarding
 - ski touring
 - ski blading
 - slalom
3. Demonstrate your ability in the following:
 - how to use a resort / piste map
 - how to dress appropriately for the activity undertaken and the environment in which it is taking place
4. Take part in at least two of the following snowsport activities that you have not tried before:
 - snow shoeing
 - sledging
 - tobogganing
 - snow park
 - skibobbing
